

# FSO Institute Professional Networks

Continuing development of talent and processes to accelerate performance and achieve lasting results

## MANUFACTURING HEALTH ROUNDTABLE (MHRT)

#### **ATTRIBUTES**

## TALENT ACCELERATOR GROUPS (TAG)

Manufacturing Workforce Manufacturing Performance Product Quality & Safety

Company leadership, manufacturing & engineering executives

#### PARTICIPANTS:

Over 35 CPG companies engaged in FSO networks

High potential individuals at plant or corporate level

MHRT members select any of the 12 dimensions of manufacturing health for that month's central theme

Strategic focus

### PURPOSE:

Member led discussion focused on application: "Case in Point" shares the challenge and solution, seeks guidance and perspectives

Each TAG has a primary emphasis on a select few dimensions of manufacturing health

Tactical focus

Builds your network

Confidential and private, no sales

Extraordinary resources available for offline networking

Concept validation and calibration

#### **VALUE:**

Networks provide thought leadership with diversity of experiences and approaches in a safe harbor environment

Builds their network

Counteracts the impacts of 'brain drain'

Peer learning and mentoring through external influences and perspectives

Upskilling in critical thinking and soft skills

#### SCHEDULE:

Virtual monthly meetings
